## Chapter 1

# INTRODUCTION

### 1.1 Overview

In this Project “Hostel-Management System”, we have made an effort to make the Hostel-System of BMSETH online. Our website includes exclusive features for Hostellers like Hostel leave application forms, Suggestion box, Complaint box, personalized dashboard etc. We also have information about Hostel facilities like Hostel Events, Mess, Accommodation and Admissions, Code of Conduct, Anti-ragging norms etc.

### 1.2 Motivation

Our major advantages can be summarized as follows:

#### **Easy Access**

Making Hostel- Website online would ensure easy access to hostel-facilities to both Freshers seeking admissions into BMSETH and presently residing hostellers in campus.

#### **Easy Payments Options**

Presently Hostel accepts payments only in offline mode, This project will help making transactions online and henceforth there will be easier and smoother payments.

#### **Easy Communication:**

Communication among hostelites, Hostel admins and Guardians.

#### **Reactive:**

Presently BMSETH website is not reactive, In this website, the data will be regularly updated.

## Chapter 2

# SOFTWARE REQUIREMENTS

### 2.1 Hardware Requirements:

- A PC with the following or greater specifications:
  - Intel Core i5 (11<sup>th</sup> gen or higher)
  - 8 GB RAM
  - 512 SSD
- A stable internet connection (2Mbps or higher).

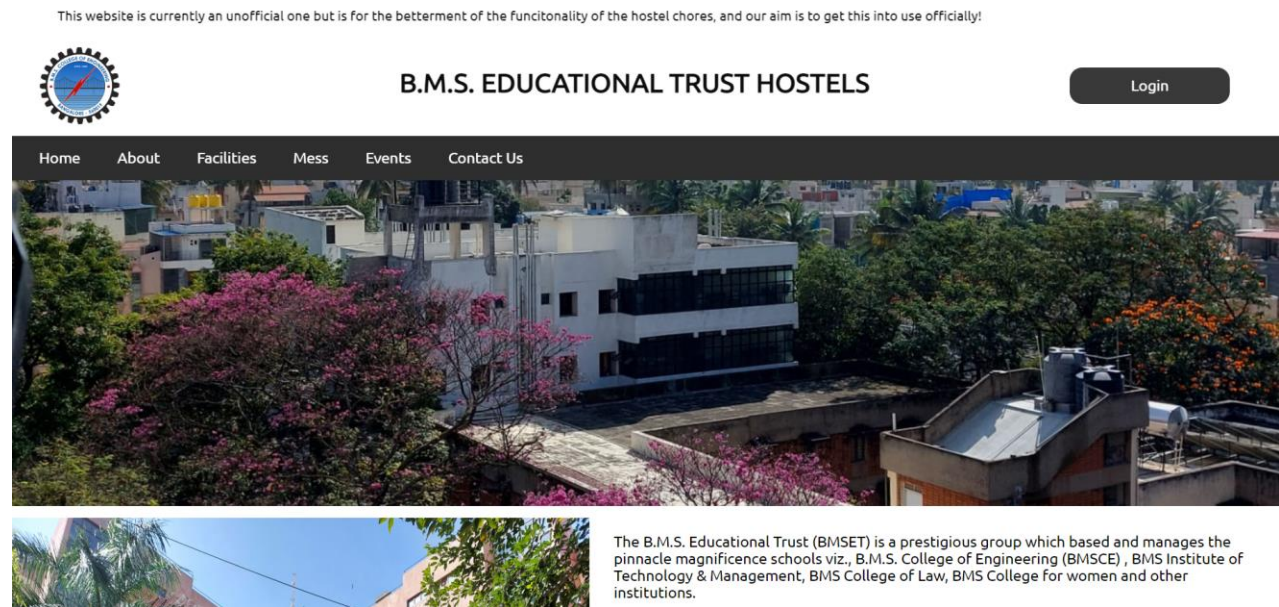

### 2.2 Software Requirements:

- Operating system : Windows 11
- Technologies : HTML, CSS, JavaScript
- IDE : Visual Studio Code

## Chapter 3

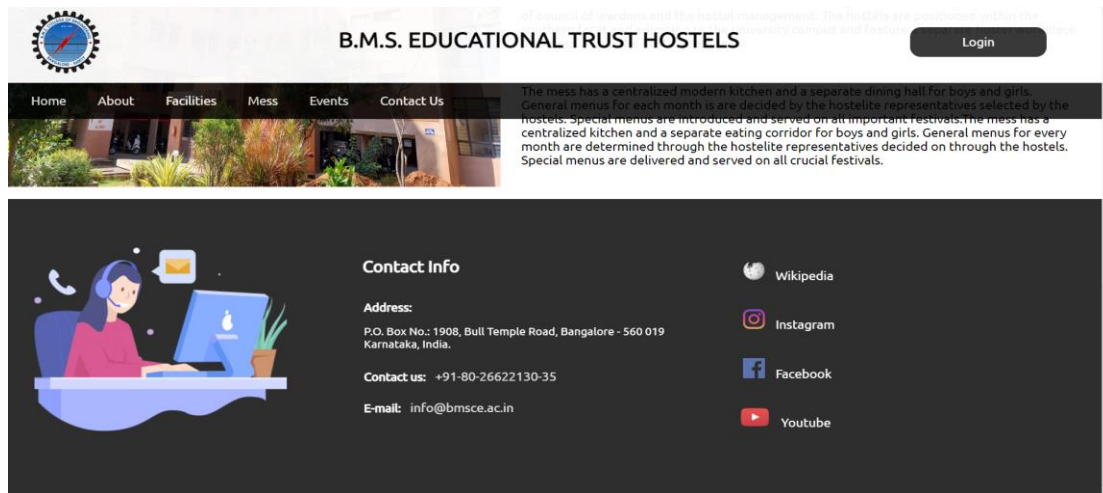

# USER INTERFACE DESIGN

### 3.1 Home Page (Landing Page)

**Fig.1.1 Home page-Header**

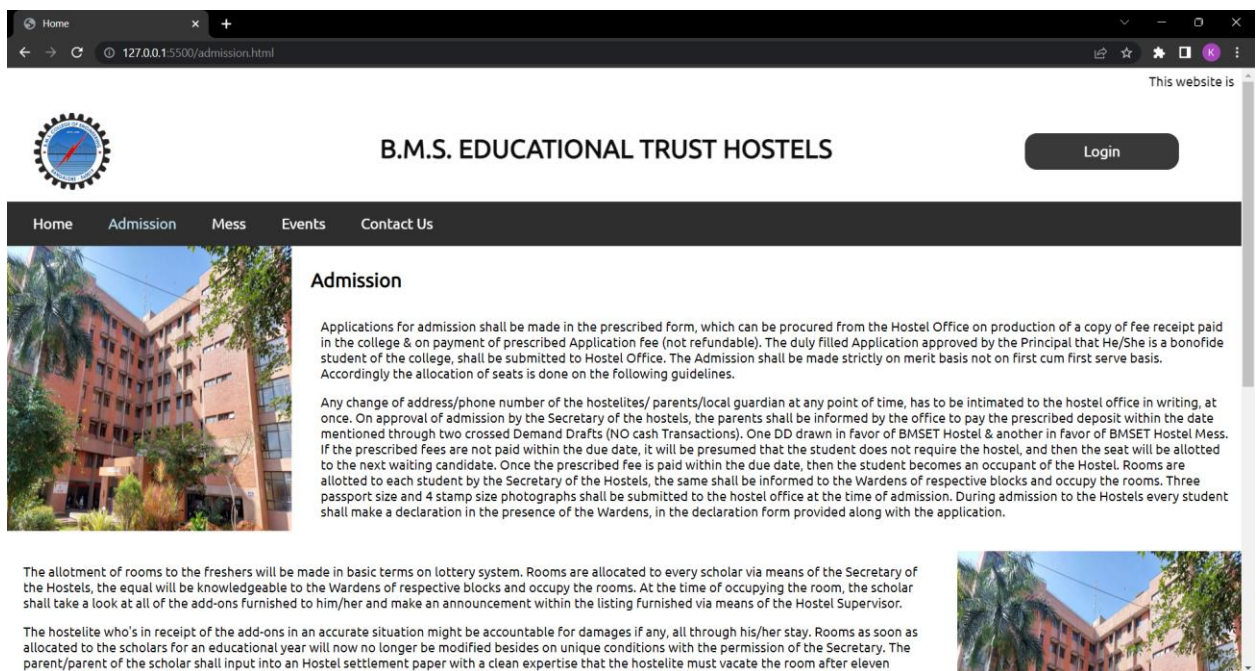

- The page is divided using <div> tags.
- The page is divided into three parts – header, main body and footer.
- Header contains floater, title and login button along with navigation bar and followed by an image.
- The body contains a brief introduction/description about hostels.

**Fig 1.2 Home-Footer**

- The footer contains contact information and is divided into three sub parts containing an image, contact information and social media handles respectively.

### 3.1.1 Admission

**Fig 3.1.1 Admission**

- Admission tab is a descriptive page which gives information about the admission procedure into the hostels and rules and regulations.

### 3.1.2 Mess

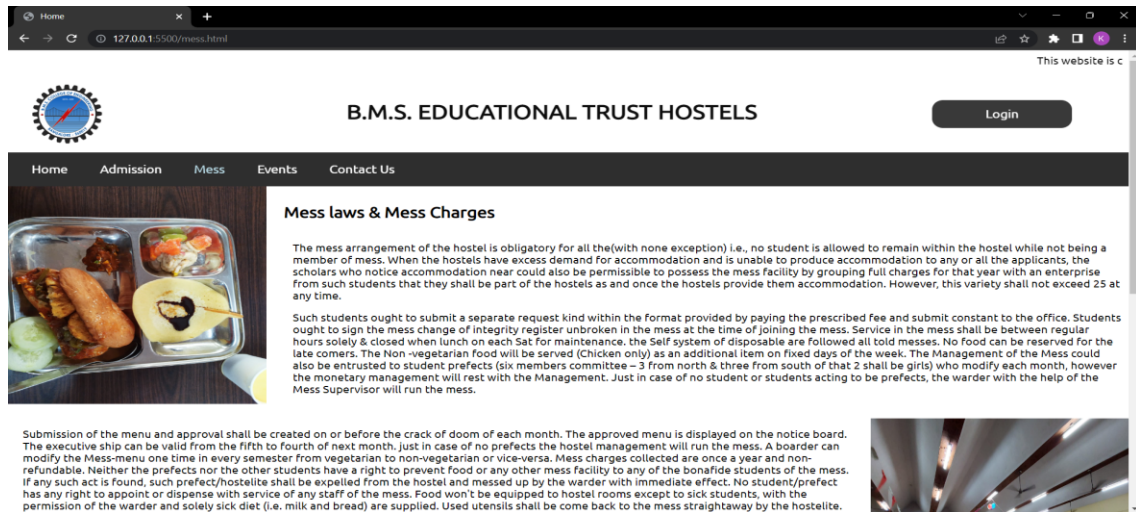

Fig 3.1.2 Mess

- Tab includes information about mess laws and charges along with a description about the food served.

### 3.1.3 Events

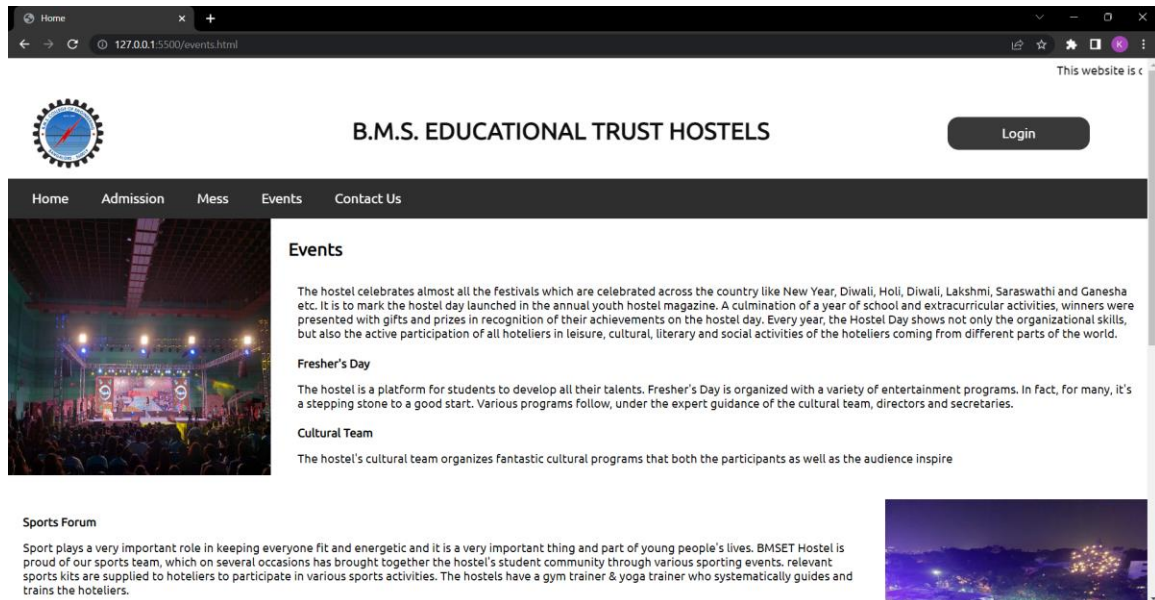

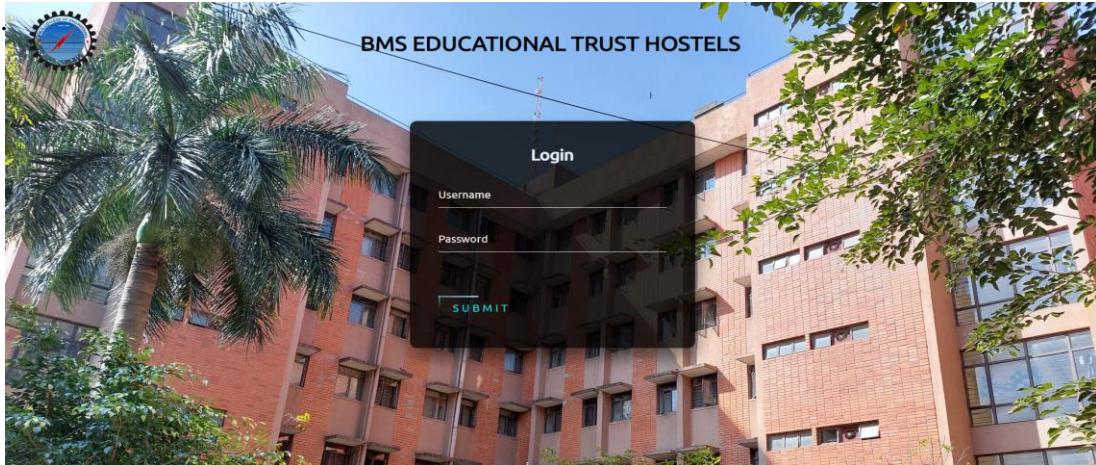

Fig 3.1.3 Events

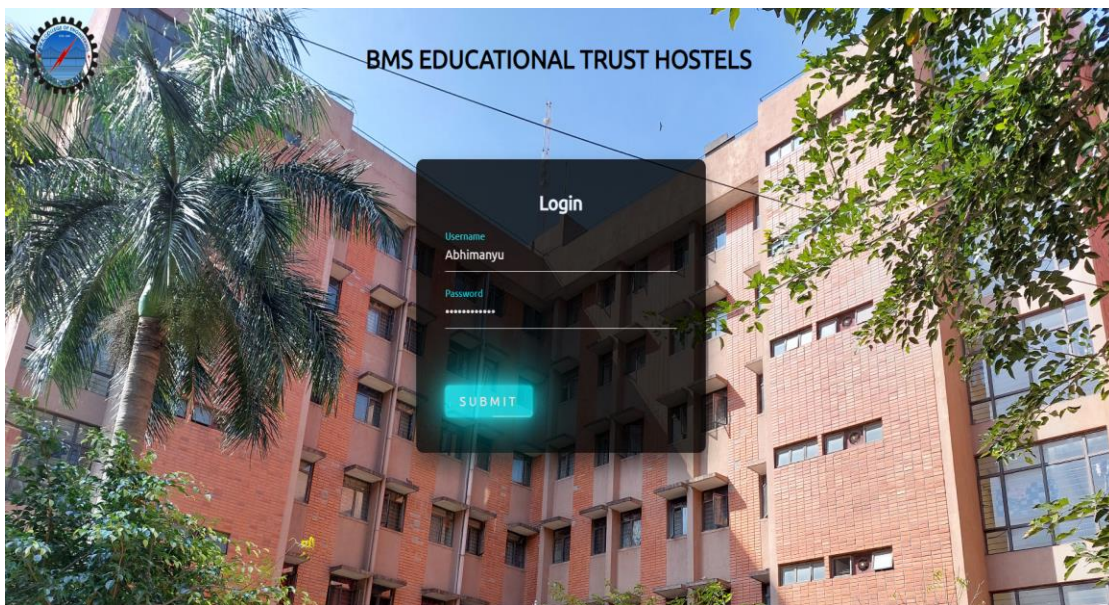

- Tab gives information about the events conducted by BMSETH and gives a brief description about them.

### 3.2 Login Page

- Hostelites should sign-in to view details/status of their accommodation and services by Hostel
- Username and password should be entered by the student to login.
- The submit button on clicking/hovering changes its properties (as shown in fig 2.2).
- The page validates if a valid username is entered and displays a pop-up when login is successful.

**Fig 2.1**

**Fig 2.2**

## Validations

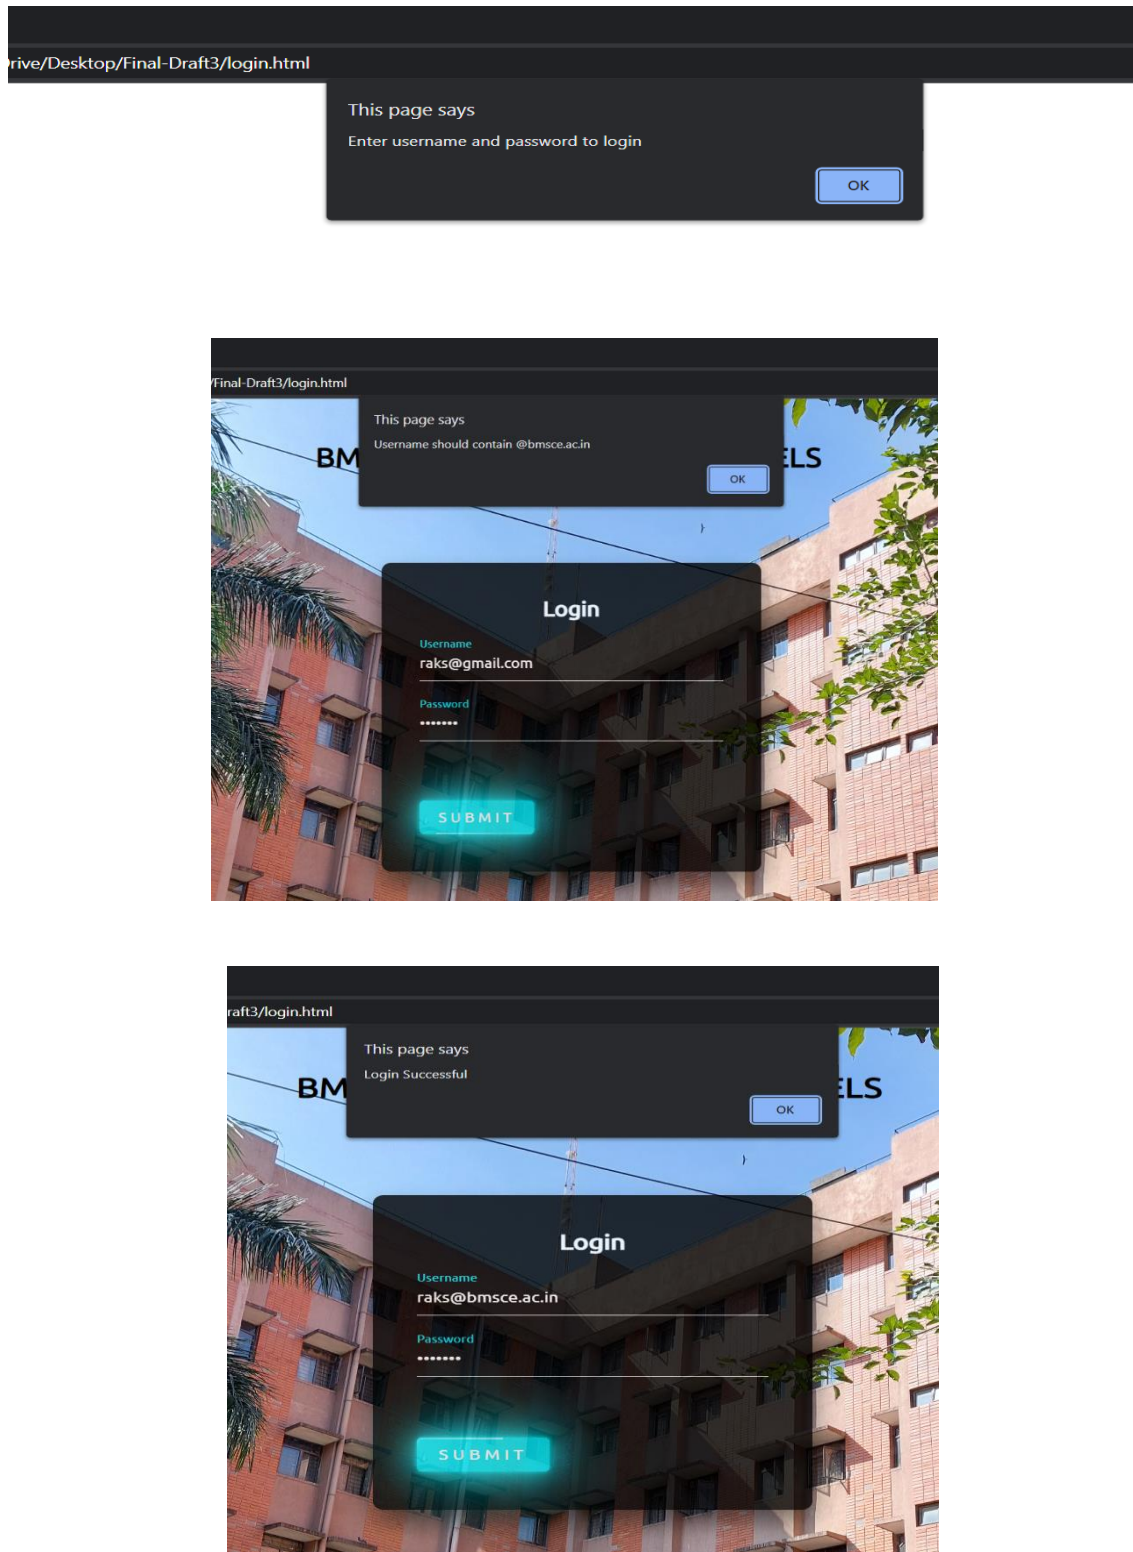

Fig 2.3

### 3.3 After Login-Page

- This is the page user reaches after logging in.
- This page is divided into two parts header and body.
- The header contains logo, title and button which directs back to main website along with a navigation tab with link to different pages.

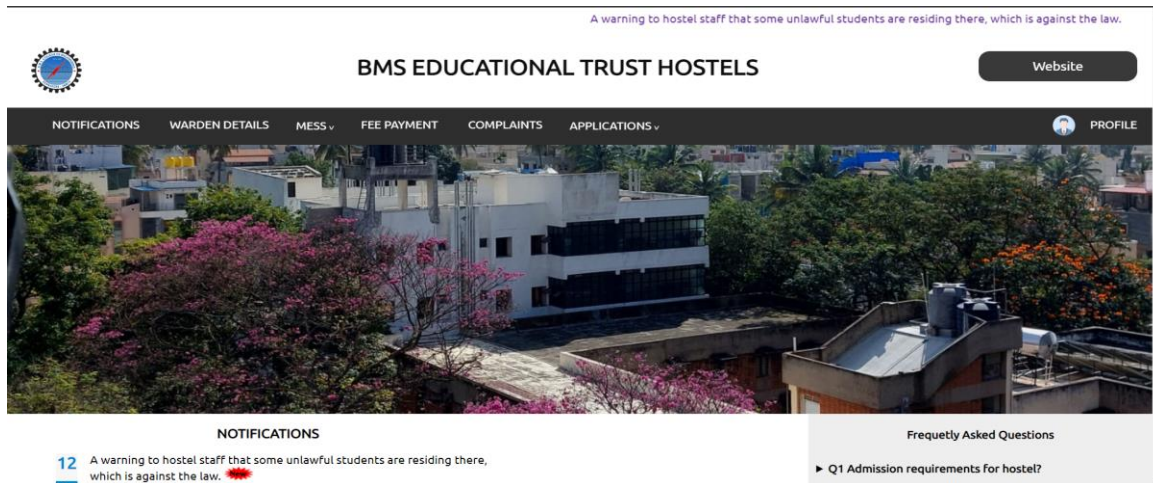

Fig 3.1

- Body is divided into two parts one contains the notification along with date and summary tag is used here to provide an option to read more about a particular notification.
- Similarly, the other part has FAQs and summary tag is used here also.

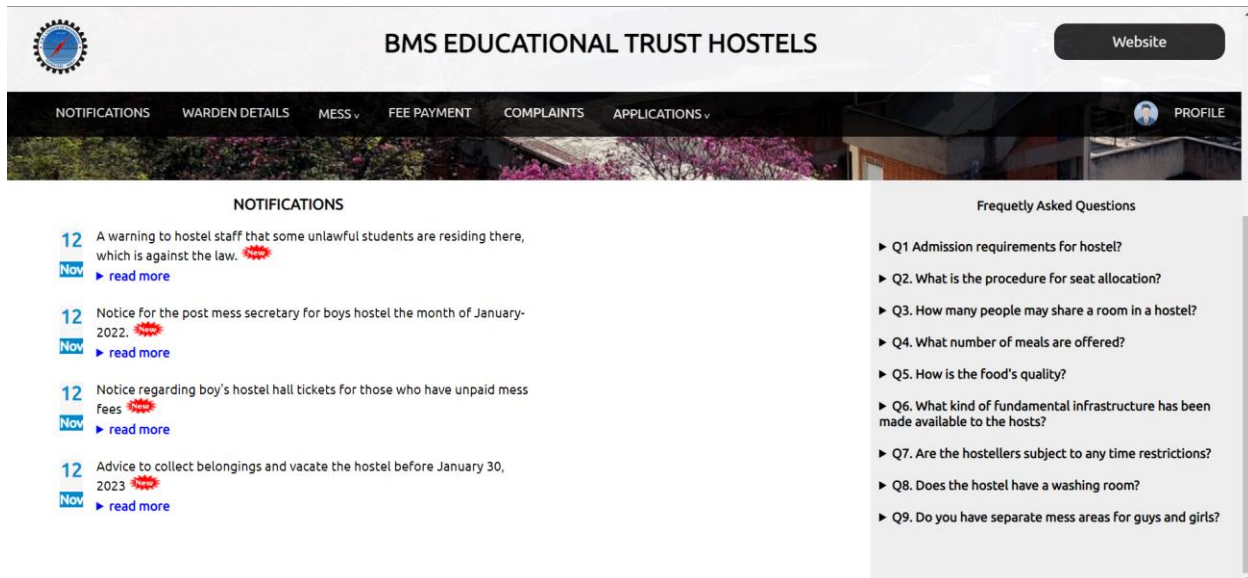

Fig 3.2

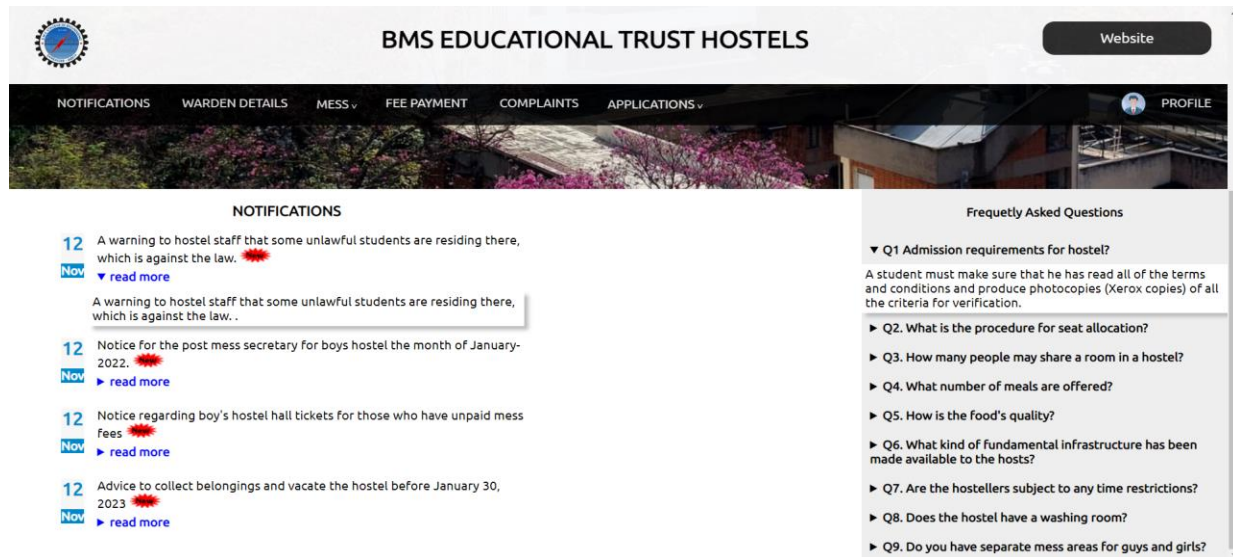

Fig 3.3

### 3.3.1 Student-Detail Page (Profile)

- Tab contains personal and academic information of the student.
- The page is divided using <div> tags and there are options to change profile photo as well.
- Displays academic history, family background, hostel room details etc.

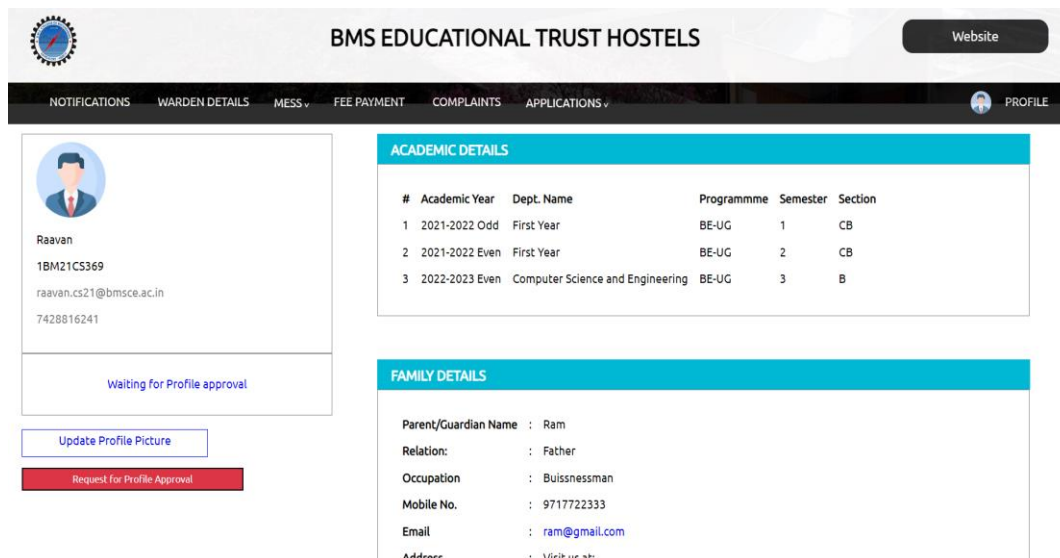

Fig 3.3.1.1

### 3.3.2 Warden Details Tab

- Following page displays details of warden and supervisor.
- Contains contact information of the warden and supervisor.
- Page is divided using <div> tags.

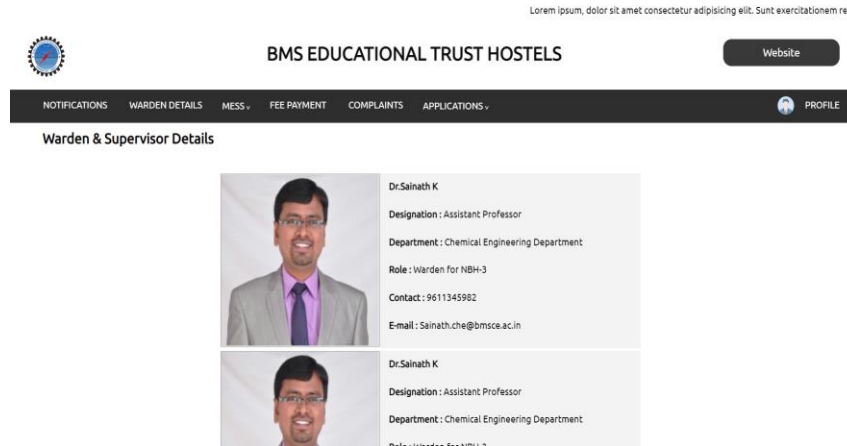

Fig 3.3.2

### 3.3.3 Mess

- Contains two dropdown options – menu and suggestion form.
- Menu page contains the menu in .jpg form.
- Suggestion form takes in suggestions for the menu based on day and meal.

#### 3.3.3.1 Menu

The screenshot shows the 'Mess-Menu' page of the BMS Educational Trust Hostels website. The header and navigation bar are identical to the previous figure. The 'MESS' tab is active, showing 'Mess-Menu'. Below this, there is a table titled 'MESS MENU FOR THE MONTH OF NOVEMBER-DECEMBER 2022.' The table has four columns: BREAKFAST, LUNCH, SNACKS, and DINNER. The rows represent the days of the week: Mon, Tue, Wed, and Thu. Each row lists the food items for that day and meal.

	BREAKFAST	LUNCH	SNACKS	DINNER
Mon	Chole Bhature, Sprouts, Boiled egg, Seasonal fruits, Milk (Boost powder), TC.	Butter Chapati, Veg Kolhapur, Jeera rice, Rice, Rasam, Dal, Curd, Chilli, Papad, Sweet-corn, Pickle.	Samosa, Badam milk, Tea.	Butter Chapati, Dal tadka, Alasandi Kalu palya, Khara Pongal, Rice, Pumpkin sambar, Ghee, Curd, pickle, Fruit salad with custard.
Tue	Benne Masala Dose, ground chutney, Sambar, Fruit juice, TC.	Butter Chapati, Aloo Gobi, Groundnut masala, Veg Palya, Dal, Rice, Rasam, Vegetable sambar, Curd, Puliogare, Pickle.	Peri-peri Fries, Hot chocolate milk, Coffee.	Methi Chapati, Dal, Black chole Masala, Egg bhurji, Pudina rice, Rice, Sambar, curd, pickle, Carrot halwa / Jalebi.
Wed	Poha, Omelette, Bread Jam, Sprouts, Pineapple Juice, TC.	Poori, Aloo dum, Coconut chutney, rice, Rasam, sambar, Dal tadka, Vegetable salad, Methi pulao, Boti-papads, Pickle.	Dabeli Milk (Boost powder), Tea.	Butter Roti, Butter Paneer masala, Ghee Rice, Rice, Dal, Butter Chicken masala, curd, Chutney Pudi, Pickle, Triple bar.
Thu	Set Dosa, Sambar, Chutney, Watermelon, TMC.	Butter Chapati, Bhindi masala Palya, Black chana dry, Bisibelebath, Bundi, Rice, Rasam, Palak Dal, Vegetable	Tikki puri, Cold Buttermilk.	Chapati, Hesaru Kaalu Palya, Gobi 65, Dal, Rice, Radish sambar, Palak rice, Curd, pickle.

Fig 3.3.3.1

### 3.3.3.2 Suggestion Form

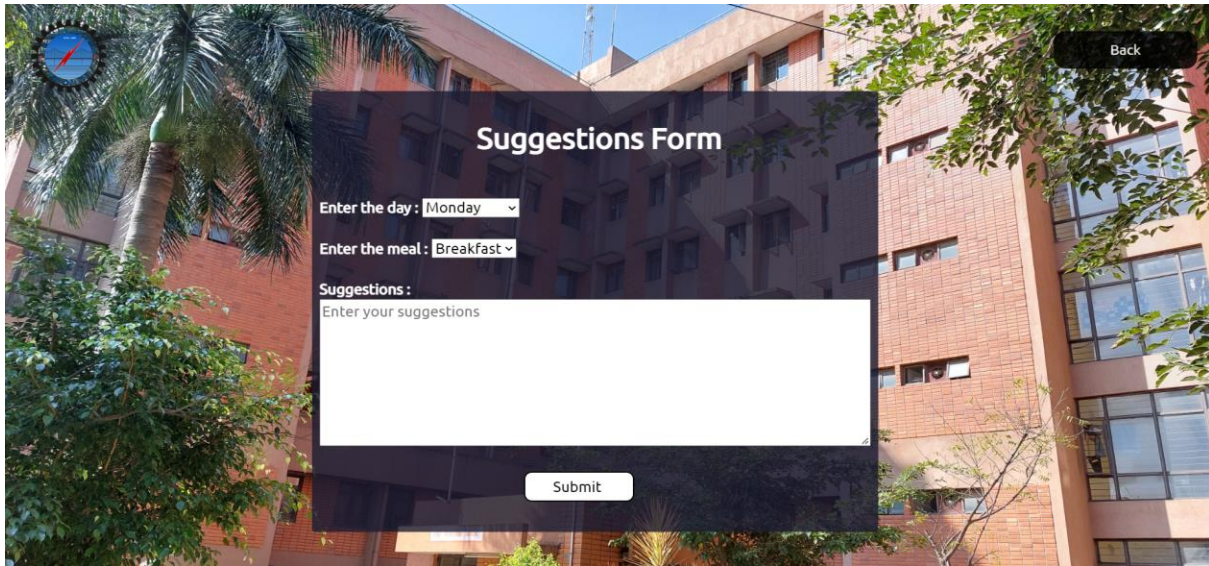

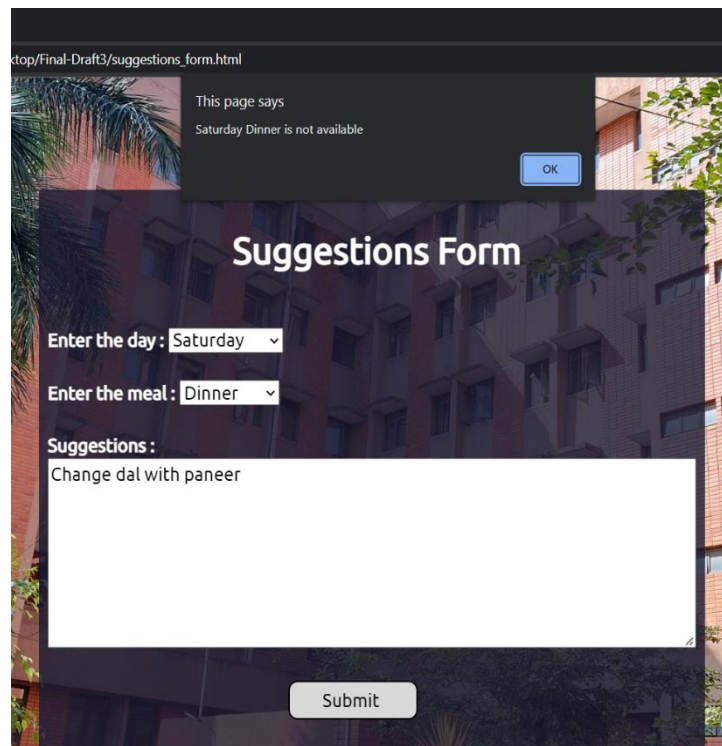

A screenshot of a web application showing a 'Suggestions Form' overlay on a background image of a building and trees. The form has a title 'Suggestions Form' at the top. Below it, there are two dropdown menus: 'Enter the day : Monday' and 'Enter the meal : Breakfast'. Under these is a text input field labeled 'Suggestions : Enter your suggestions'. At the bottom of the form is a 'Submit' button. In the top right corner of the overlay, there is a 'Back' button.

Fig 3.3.3.2

- Suggestion form also checks for cases which aren't possible, for instance user selects "Saturday dinner" or "Saturday snacks" which isn't correct as snacks and dinner are not provided on Saturday.
- Also, it checks if suggestion is invalid or not.

### Validations

A screenshot of the same 'Suggestions Form' as in the previous image, but with a validation message displayed. The message box at the top says 'This page says Saturday Dinner is not available' and has an 'OK' button. The dropdown menus now show 'Enter the day : Saturday' and 'Enter the meal : Dinner'. The text input field contains the text 'Change dal with paneer'. The 'Submit' button is still at the bottom.

y/Final-Draft3/suggestions\_form.html?day=Sat&meal=din&reviews=Change+dal+with+paneer

This page says  
Suggestion given should be in alphanumeric

OK

Submit

**Fig 3.3.3.3**

### 3.3.4 Fee-Payment

- The following tab displays fee details of the student and provides an option/button to pay it online.
- Contains information about hostel fee, mess fee and late fee (if any).
- The page is created using <div> tag and table tag.

### 3.3.5 Complaint

The screenshot shows a web form titled "COMPLAINT BOX" overlaid on a background image of a multi-story building. The form includes the following fields:

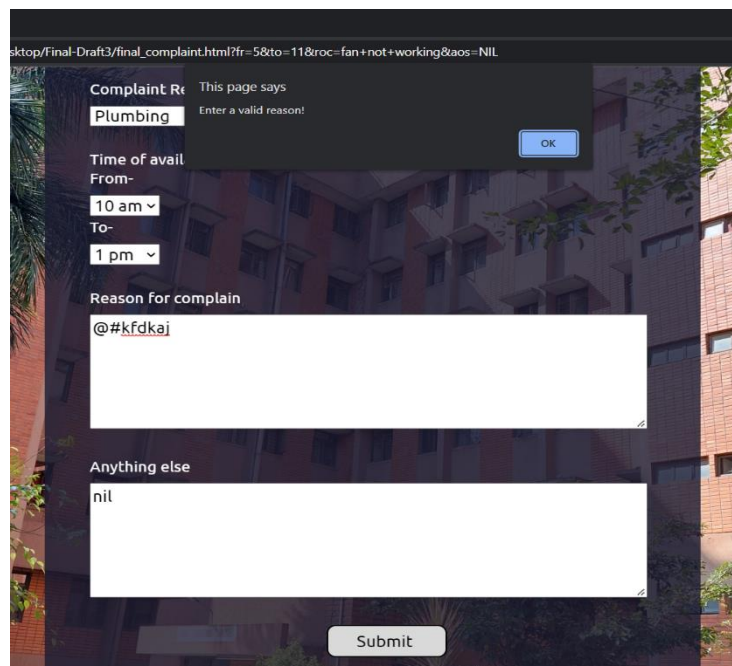

- Complaint Regarding:** A dropdown menu with "Electrical" selected.
- Time of availability:** Two dropdown menus labeled "From-" and "To-". "From-" has "10 am" selected, and "To-" has "11 am" selected.
- Reason for complain:** A text input field with the placeholder text "Specify the reason...".
- Anything else:** A text input field with the placeholder text "Anything else".

A "Back" button is located in the top right corner of the form overlay.

**Fig 3.3.5.1**

- The following page takes in the general complaints from hostelites, taking in details about time of availability and the reason.
- The page is created using form tag and takes input from the users alongwith checking if the time of availability is appropriate, mobile number is correct and the reason entered is valid.

### Validations

This screenshot shows the same "COMPLAINT BOX" form as in Fig 3.3.5.1, but with validation messages and user input. The background image is the same building. The form fields are populated as follows:

- Complaint Regarding:** "Plumbing". A validation message "This page says Enter a valid reason!" is displayed above the field with an "OK" button.
- Time of availability:** "From-" is "10 am" and "To-" is "1 pm".
- Reason for complain:** The text input field contains "@#kfdkaj".
- Anything else:** The text input field contains "nil".

A "Submit" button is located at the bottom center of the form.

**Fig 3.3.5.2**

### **3.3.6 Application**

- The application tab has a dropdown to select for the application to either be a leave application or a late coming application.

### 3.3.6.1 Leave Application

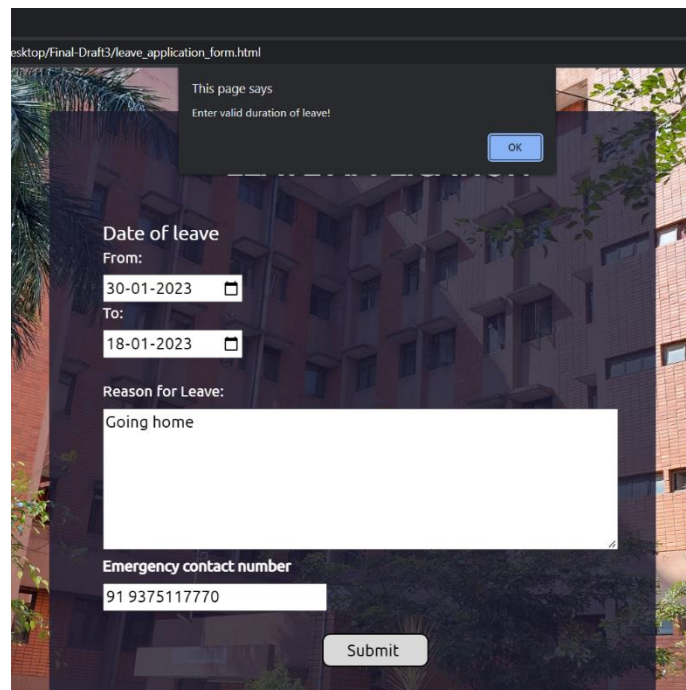

The screenshot shows a web form titled "LEAVE APPLICATION" overlaid on a background image of a building and trees. The form includes a "Back" button in the top right corner. The fields are: "Date of leave" with "From:" and "To:" date pickers (both showing "dd-mm-yyyy"); "Reason for Leave:" with a text area containing the placeholder "Specify the reason..."; and "Emergency contact number" with a text field containing "+91".

Fig 3.3.6.1

- The following page takes in the information about the duration of leave, reason for leave and emergency contact number from the user.
- It checks for if the duration entered is correct, the reason is valid and a valid contact number is entered or not.

### Validations

This screenshot shows the same "LEAVE APPLICATION" form, but with a validation error. A modal dialog box is displayed with the message "This page says Enter valid duration of leave!" and an "OK" button. The "From:" date is set to "30-01-2023" and the "To:" date is set to "18-01-2023". The "Reason for Leave:" text area contains the text "Going home". The "Emergency contact number" field contains "91 9375117770". A "Submit" button is visible at the bottom of the form.
